

Peter Miguel Camejo for Governor

Choose a Better Future

Choose FAIR TAXES

Today the poorest Californians pay a larger percent of their income in state and local taxes than the richest 1% do – 57% more!

Choose a FAIR WAGE

The minimum wage has been eroded by inflation until it now stands at barely 70% of what it was in 1968. All workers should be paid a living wage.

Choose to FUND EDUCATION

Forty years ago California has the best education in the world and paid \$600 per pupil more than the national average. Now we spend \$600 less than average per pupil, and we're the 48th state in testing and 49th in class size. It will take \$6 billion a year to match the national average. Camejo will add \$8 billion.

We need to make every vote count and give voters more real choices. We can end the spoiler system by moving to instant runoff voting and proportional representation like the rest of the world.

Peter's Four-Point Plan to Raise Revenues and Lower Your Taxes

- 1) The richest 5%, people earning over \$200,000 a year, should pay the same tax rate as the poorest 20%. Annual revenue addition: \$10 billion.
- 2) End tax loopholes and fraud. Reverse the giveaways to the "donor class" who are buying special treatment from the two ruling parties. Annual revenue addition: \$7 billion.
- 3) Return corporate taxes to what they were 20 years ago. Annual revenue addition: \$5 billion.
- 4) Raise the minimum wage to the equivalent in real dollars of its 1968 level. This generates more tax revenue besides improving the lives of millions of hard-working Californians! Annual revenue addition: \$3 billion.

Total additional revenue available to make your future brighter: \$25 billion. With this \$25 billion per year, Peter Camejo will:

Lower taxes on 60% of the people = \$ 4 billion
Fund education = \$8 billion
Develop alternative energy = \$3 billion
Develop our infrastructure = \$4 billion
End the deficit and create reserves = \$6 billion.
